

NextGen SOFTWARE + **Engage Mobilize**
 Combined for Automated Accounting

Are all your systems working from a single source of truth?

- Connect E-Ticketing to your accounting systems (Quickbooks, ERPs and more).
- Eliminate manual process bottlenecks.

Are siloed systems holding you back?

- Unify individual systems into a single integrated solution.
- Ensure a continuous flow of data between systems.
- Eliminate data silos and share information to all relevant functions, automatically.

Do you need a cost-effective integration solution?

- NextGen's i2x® and eFast Integrator® solutions are ready out of the box.
- Connect seamlessly with accounting/ERP systems, Engage Mobilize ticket/invoice systems, Open Invoice and more!

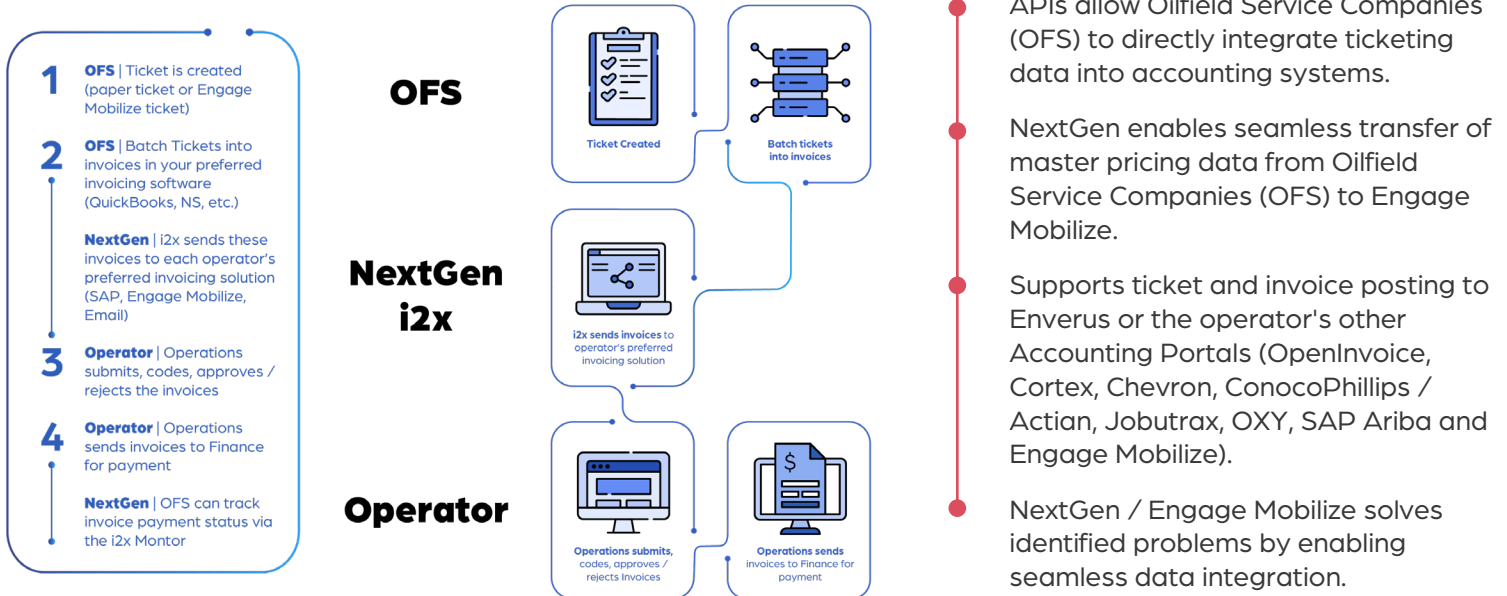

“
Our integration capabilities for vendors and operators amplifies this by connecting accounting systems with little to no IT involvement.

- David Wolpo, Co-Founder, NextGen

Seamlessly connects Engage Mobilize E-Ticketing and E-Invoicing with **80+ accounting systems**

eFAST	i2x
• SAP	• QuickBooks
• Quorum	• Sage
• Integra	• Netsuite
• OGsys	• Dynamics 365
• More!	• More!

How Does it Work

Break Down Data Silos
 Eliminate data silos and share information to all relevant functions, automatically.

Collaborate Across The Enterprise
 Create a continuous flow of validated data from the point of input in real-time to all your systems, creating a single, accurate source of truth.

Achieve Efficiencies
 Integrating Engage Mobilize with your ERP and other systems eliminates manual re-keying and data transfer tasks.
